Employee Personal Learning Model

Organizational knowledge & Learning Resources

1. Establish primary network of personal learning resources.
- people (relationships)
- material (books, video, CBT, etc.)
- experiences (personal & others)

4. Extend learning network to 2nd level that focuses on components in the Personal Learning Plan

7. Document knowledge for others by adding to the collective knowledge base
- storage & retrieval mechanism
- willingness to help others

2. Identify area of deficiency
- question
- problem statement

3. Prepare Personal Learning Plan

5. Discovery Process via implementing the Personal learning Plan

6. Application of the new knowledge
